Notification of Addition of a Raw Material (Non-woven Fabric) Supplier for MC-Media Pad

Dear Valued Customer,

Thank you very much for your continued use of the MC-Media Pad.
Please confirm the information regarding the MC-Media Pad.
We would like to inform you that an additional supplier for the raw material (non-woven fabric) used in MC-Media Pad has been added. There will be no change to the raw materials; therefore, the quality and usability of MC-Media Pad will remain unchanged.
However, the surface appearance of the non-woven fabric may differ slightly from the current product.
We sincerely appreciate your ongoing support and look forward to serving you in the future.

Relevant Products:
All grades of MC-Media Pad (ACplus [R-AC], CC, SA, EC, YM, Salmonella, EB, Aerobic Count)

Points of change:
Addition of a new non-woven fabric supplier.
* From now on, there may be two types of non-woven fabric present in different production lots.

Reason for change:
To ensure a stable supply of MC-Media Pad, we will be adding a new non-woven fabric supplier.

Schedule :
Products with the new non-woven fabric will be manufactured beginning with the December 2025 production.

We appreciate your support and cooperation. If you have any questions or concerns regarding the above changes, please do not hesitate to contact us.

Sincerely,
Life Chemicals Division
