## Product Change Notification Letter

Dear Valued Customer

Regarding Cellufine's product bottles, in order to avoid the risk of suspension of product supply due to disruption of product bottle availability, we have decided to adopt a different product bottle in addition to the conventional product bottle. Although, we will provide the product in the conventional product bottle in normal times.

There will be no changes to Cellufine raw materials, manufacturing methods, specifications, etc. due to this change.

### Applicable products:

Cellufine product containing below bottles,  
10 mL, 50 mL, 100 mL, 500 mL

### Reason for change:

To ensure stable supply in the event of an emergency

### Timing of change:

Applicable when bottle supply is likely to be disrupted

### Appearance:

#### Current bottles

#### Additional product bottles

Best regards,

Life Chemicals Division  
JNC CORPORATION
